GOV. HASKELL ON ADA NORMAL

IN VIEW OF THE FACT THAT THE NEWS GAVE A PRETTY THOROUGH SYNOPSIS OF THE GOVERNOR'S SPEECH SATURDAY, WE ONLY PRINT HEREWITH THAT PART OF THE SPEECH WHICH REFERS TO ADA AND THE NORMAL PROPOSITION.

I came here today to congratulate you upon the recent act of the Legislature in locating one of the State Institutions in your town. I do not come here to claim any of the glory, but to congratulate you upon your good work.

I had no right to take an active part in the distribution of these institutions; that was a provision of the Legislature. You had your committees there from Ada, and from a number of other towns, and not only did your committees work, but your three members of the Legislature—they were the good workers that made Ada secure in those grounds.

You know just how it was. When I stood and watched Huddleston and Ratliff and Roddie, when we saw the work they did day and night, there didn't any of us have the nerve to say "no" to them.

This institution, I know, will become the pride of every citizen of Pontotoc county and the surrounding counties. It will give the farmers' children, of this county and vicinity opportunities for education that I know they could not get if they had to go some two or three hundred miles from home; and in a few years I know you will point to that institution and say, "That is our school." It will be a monument kept to remember afterwards the work your citizens and your representatives did in that behalf.

Yes, I want to say right now that there is only one thing to do about this institution. I want to be the boss about that. They said I was the boss in the constitutional convention, but I was not. I can prove it by Carlton Weaver, for there were ninety-nine bosses and thirteen witnesses there. (Laughter.) And I am going to say to you that just for this afternoon, I do not want any feeling of jealousy here. Every one of you have your own say just as much as you like, and let the other fellow do the same. You can't go wrong that way. I want no feeling of jealousy. Leave that out. I want you to start out today and say "We are going to pull together and make this school the best in the state." (Applause)

There are six of these institutions distributed in this state and the people are wondering which is going to be the best. I am betting my money on Ada. (Applause)

I have said enough, but I just say this much more. "Let's pull together and make an institution with a record that will be the pride of Pontotoc county and vicinity." I thank you.

Chief of Police George Culver this morning arrested Tom Holloway and Joe Watson, both colored, for disturbing the peace. They were arraigned before Judge Powers this afternoon. Holloway was dismissed. Watson was fined \$10.00.

SPRING IS HERE

and along with it is the need of good Spring Medicines.

W. J. Reed, the man whom 'tis said is solely responsible for the capture of Jim Miller. His friends declare that he evidenced unusual detective capacity in the direction and execution of his plans leading up to the capture of Miller. Reed is a picturesque character. One week in Guthrie lobbying with the brains of the state for a state school of education, the next week devoting all his tact and energies to the hunting down of a reputed man killer. He is called the father of this city, being its pioneer merchant and naming it after his little daughter, Ada.

In District Court.

Judge West of the district court was in town a short while today attending to some preliminary matters and to the filing of one or two important suits.

The case of the Leader Improvement Company vs. The Allen Townsite Company was brought up. Temporary injunction was allowed plaintiff to give bond in the sum of \$1,000 returnable at Atoka on April 12th at 10 o'clock a. m.

Condemnation proceedings of M. O. & G. railroad were heard and commission appointed to condemn lands. M. F. Deu, W. B. Crowder and Henry Lovelady compose the commission.

Judge West left for his home in Lehigh this afternoon.

M. O. & G. Officials Here.

Officials of the M. O. & G. railroad are in the city today looking after condemnation proceedings in the matter of land for right of way. It was learned that the contract for grading between Tupelo and Calvin had been let.

Notice to Contractors.

Plans and specifications for the construction of the I. O. O. F. building will be received by the building committee of said lodge until April 8th, 1909. Size of building 50x140. For further information apply to the building committee.

C. M. CHAUNCEY,
1-St Secretary Building Committee.

PROPERTY OWNERS

It is important that you use the best material in painting your houses. Collier's White Lead and Pure Linseed Oil makes the best paint that you can possibly get and it doesn't cost as much as ready mixed paints, but lasts twice as long. You can make any shade or color that you wish. We also have Dry Minerals such as Moss Green, Slate Color, Venetian Red, Yellow Ochre, etc.

We sell Carriage Paints, Wagon Paints, Japalac, Varnalac, Varnishes, Glass, Putty, Paint Brushes, Whitewash Brushes, Etc.

RAMSEY'S DRUG STORE

NORMAL BANQUET GREAT SUCCESS

FESTIVITIES LAST UNTIL LATE HOUR AND EVERYONE PLEAS-ED WITH THE ENTERTAINMENT.

Distinguished Visitors Pay Many Tributes to Ada and Predict Great Things for Our Thriving City.

At 8.30 o'clock Saturday evening the 25,000 Club rooms were filled to overflowing with Ada citizens and distinguished guests, with the assistance of the reception committee the visitors were made to feel at home, and for some time the crowd mingled together jollily and happy felicitations in the club rooms.

When the announcement came that everything was in readiness for the festivities on the first floor, the ladies and gentlemen, two and two, filed down the stairway and to the banquet board where the remainder of the evening was spent.

The Ada orchestra rendered an elegant selection, after which Rev. Wilson, of the Methodist church opened the occasion with prayer. Hon. C. A. Galbraith was toastmaster and he handled his part of the program in elegant fashion. Owing to the absence of some parties and the presence of others who were not expected the printed program was not followed entire, and this, of course, made the program really more interesting.

The first response was from Senator Roddie, speaking from the subject, "How It Happened." He reviewed briefly his action in the senate and traced senate bill 83 from the memorable day of its introduction to its final passage. He described the great fallen spirits of Ada's representatives in their first defeat at the hands of Durant, and latterly the Duncan substitute which gave Ada the Normal school.

Hon. Ben Wilson, in relating his experiences as "Mr. Speaker," explained his friendly attitude toward Ada and the Normal bill and complimented very highly Pontotoc's representatives in the legislature and gave them much credit for the securing of a Normal school at this place.

"The Ladies" by Hon. W. F. Gilmer, of Ardmore, was the address which furnished the humor of the evening. Mr. Gilmer acknowledged that he had handled this subject on previous occasions of this kind, but the acknowledgement was not necessary as his ability evidenced. He mentioned the fun he had at the expense of Ada's representatives when the Normal fight was on, by having prepared a substitute for the Ada bill naming Ardmore as the location for the new Southwest Normal. Before he finished, however, everybody in the house was his friend and he soon convinced them that he too was a friend to them.

"The Indian as a Citizen," by Hon. Ben Harrison, was a logical and masterly effort. He discussed in brief the history of Indian government in this country, and more elaborately the advantages and disadvantages of statehood from the standpoint of an Indian. He made this prediction: "The Indian, if given an opportunity, under statehood, and white man rule, will emerge from his disposition to lethargy, will identify himself with the best interests of this government and become a progressive and desirable citizen in every sense of the word."

Hon. E. S. Ratliff, who had imbibed several glasses of Ada punch during the previous part of the program, stated that the beverage was less than one-half of one per cent and that he had not become sufficiently organized to speak on organization, as the toastmaster had indicated, so he proceeded to commence where Roddie left off and finish telling "How It Happened."

Representative Ratliff explained the position of every member of the legislature present relative to the Ada Normal bill and paid personal compliments to each. Ratliff is a strong personage in Pontotoc county and his friends cheered him to the echo.

"The Man Behind the Gun," was Hon. L. P. Ross, of Lawton, instead of Hon. Ed L. Dunn, who was absent. The speech of Mr. Ross brought almost continuous applause from the audience. In the

stated that it was not his custom to attend banquets where his name appeared on the program, but where it did not he usually attended and consumed about four hours in speech making. He did not consume that much time, however, but it is a safe bet that he could have done so and would have received absolute attention, so interesting were his remarks. He stated that he had visited Ada several years ago and was wonderfully surprised at her growth and progress. The most pungent statement of his was that Ada was, to his way of thinking, one of the best locations in the state for a Normal school, and that it was his prediction that it would be the best one.

"The Minority" was represented by Judge Henry Tate, of Seminole, and in a few well chosen remarks he testified his loyalty to Ada and showed our people how he lined up the republicans for Ada on the show down. Judge Tate is a representative man in his party, a power in republican politics and a staunch and true friend to Ada, and his name is written on the hearts of our people for the splendid work he accomplished.

The Second Tablers' Banquet.

A number of Ada's people attending the Normal Banquet Saturday night could not be accommodated at the board, notwithstanding the liberal dimensions of the hall. This was an eloquent testimonial to the enthusiasm and public spirit of our townspeople. Also there were some of our townsmen deserving of a place on the toast list who were not put on because the program was too long.

Toward the close of the program as formally arranged, places were made for the overflow attendance. The "second tablers" proceeded soon to organize by unanimously electing Dr. Browall toastmaster. Then everybody of the overflow was given an opportunity to eat and others of the prominent guests were brought out to respond impromptu to toasts.

Ada's distinguished jurist, Henry M. Furman, presiding judge of the criminal court of appeals, who accompanied Governor Haskell down from Guthrie, was called upon. The judge expressed his great pleasure that Ada had secured the splendid prize of a state normal school. He deprecated any internal discord over where the credit was due in the work of securing the school, and urged the people of the city, now that they have the school, to get together in the utmost harmony and all work and pull to the one end that Ada's school be built up to the very best normal school in the state.

Howard Parker, state reporter, who also accompanied the governor's party to Ada, upon being called out, spoke of Ada's solid prospects. In his candid way he stated that when Ada's 25,000 Club was organized he thought the name extravagant and absurd, that the "15,000 Club" would have been a title strong a plenty. "But now," said he, "with the status of a mere retail trade, town fairly outgrown, with a splendid cement plant, with extensive municipal improvements in progress, with the boon of a state normal school, with such a basis, industrially, educationally and every other way, Ada's dream of 25,000 people is now no longer a dream."

Hon. Ben T. Williams, of Pushmataha county, member of the First and Second Legislature, was called out, and expressed his great pleasure at being able to jubilate with Ada over securing the normal. Ben T. was among the staunchest of Ada's friends throughout the fight.

Hon. T. B. McKeown, in one of his graceful speeches, presented to E. H. Lucas a gold watch as a token from the citizens of Ada of their appreciation of his services to the city in the capacity of president of the 25,000 club.

Lucas does not like to make speeches, but when the crowd insisted: "Speech, Lucas, or give the timepiece back!" the gentleman responded with appropriate remarks of appreciation.

The after-banqueters had a great time, and Dr. Browall officiated as "ringmaster" with inimitable grace.

Mayor George Harrison and Otis B. Weaver were also urged to speak, but both were so blamely modest they smilingly and blushing refused to respond. Hon. Jas. Bolen also declined to deliver any of his stock of eloquence, further than to call upon Judge Furman to address the company.

SOME CRITICISMS ANSWERED.

Some criticism of the management of the Normal banquet has come to my ears. A good many of those who held tickets could not find seats in the main banquet hall when they arrived, and had to be accommodated in the club rooms above or wait for the "2nd Tablers Banquet." We gave the public of Ada due notice that tickets should be purchased by Thursday in order that ample preparations might be made for those attending. The demands for seats right at the last, Saturday night, exceeded our anticipations. The visitors of course, had to be provided for first of all, and it seemed the proper thing to give seats to residents of Ada in the order "first come first served." In the nature of things, some of our people bought seats purely out of public spirit—people who for one reason or another could not attend. After the unlooked for attendance the best possible arrangements were made to accommodate the overflow. This upon the reasonable assumption that all loyal Ada people would stand for a little personal sacrifice in order that the big banquet enterprise, as a whole, might be a notable success. The total receipts will not more than cover the various necessary expenses of the banquet, which include invitations, menu cards, postage, music, etc., besides the one dollar per plate to be paid the club women of Ada for serving the banquet.

One regrettable incident of the banquet was some confusion that occurred while Representative Tate of Seminole county was occupying the floor. A number of people were in the hall who had not been served. The hour

growing late, I tried to arrange for a number of those at the tables to quietly retire and make room for those not yet served. This change resulted in more confusion than was anticipated, for which we make humble apologies to Representative Tate the steadfast friend of Ada.

In a big undertaking like this banquet it could scarcely be expected that every feature would be carried out with absolute satisfaction, without causing inconvenience to some one and without any sort of hitch. If any one is still dissatisfied and sore with the management, I wish to say that I assume the entire responsibility for his grievance, and that we did in all things what we thought was for the best interests of the city.

E. H. LUCAS.

A Friend Through Thick and Thin.

A belated invited guest to Ada's Normal celebration festivities was Ben T. Williams, State Representative from Pushmataha county. Ben T. is a politician who believes in being sincere, straight and steadfast in political matters, just as in dealings in private life. Therefore, he was Ada's friend in the beginning of her ambitions and he remained steadfast till her final victory. Pontotoc county will not forget such friends as he. There are some good men trying to make Ben run for Chief Mine Inspector of the state. He would make a good one and—well Pontotoc people don't forget.

Mrs. Ethel Shanafelt returned from Oklahoma City Sunday evening.

FT. WORTH TEXAS

SWEPT BY FIRE

RELENTLESS FLAME IN SOUTH
FT. WORTH SATURDAY AFTERNOON CAUSED ONE
DEATH AND PROPERT
TY DAMAGE OF
\$3,500,000.

Situation Now Well in Hand—Money
Is Raised for Sufferers and
Homes Opened to Victims
of the Disaster.

Fort Worth, Tex., April 4.—With 320 acres of the area of the city swept bare by fire, causing a loss of not less than \$2,000,000 and very probably \$2,500,000, and with 5,000 homeless people, citizens of Fort Worth this morning faced the emergency which confronted them and decided to meet it themselves without the intervention of outside aid. Within a short time they had subscribed \$15,000 to a relief fund and expressed determination to make it \$20,000 before another twenty-four hours passes.

Today the homeless people have all been given shelter of some kind or fashion, principally in the homes of friends, neighbors, acquaintances or even strangers, though some few have been given direct assistance. Their belongings are scattered far and wide principally under cover, but some lying exposed to the weather on vacant lots and in the railroad reservation under guard of some small boy or other member of the family.

The burned area is a blackened waste, patrolled by the militia, whose yellow government tents are arranged soldier-fashion on the lawn of the High school, and this charred expanse of what was once a populous residence section is now people, and only temporarily, by an occasional late property owner armed with a permit from the authorities and seeking to recover something that had been lost.

Thousands of sightseers from not only this city, but from surrounding towns and cities, have thronged the streets and bridges within sight of the ruined district, deterred by the soldiers from getting a closer view.

The body of one man, the sole victim of the most disastrous fire in the history of this section of the country, lies at an undertaking establishment, his relatives in charge. The injured in the hospitals are all doing well, and no further fatalities are anticipated.

Two meetings of citizens for the relief of the sufferers were held during the day, and a feeling was displayed that was declared most creditable on the part of the citizenry. The offers of help from not only the city, from people outside were numerous and freely made and it was evident to those in charge of the movement there will be no strain connected with the immediate relief of the thousands who have suffered from the fire. It is considered probable that aid will be extended these people later on to enable them to rebuild their homes, and Mayor Harris makes the statement that the district will unquestionably be rebuilt. He says that it will either be rebuilt in residences or in business houses, or both.

The excitement has died away; there is no actual suffering, and the situation has resolved itself into one wherein many have lost the roof that sheltered them, if not their worldly belongings as well, but these are not in actual want, and the most prominent people of the city, with the United Charities, have the relief work firmly in hand and anticipate no trouble, confusion or difficulty in bringing it to a successful conclusion.

ATTEMPT TO DYNAMITE.

Girard Editor Has Narrow Escape at
Hands of Unknown Thugs.

Girard, Kas., April 5.—M. L. Brown, Ada, Okla. Attempt to dynamite plant last night unsuccessful. Three sticks of dynamite and insular machine discovered at 11 o'clock. Editor stepped in trap but machine did not go off at rear of building. Unsigned note: "Beezley, before you wake you and yours will be blown harder than the blow you tried to give Oliver." Machinery would have been destroyed.

BEN R. BEEZLEY.

The above telegram to Marvin Brown, of the News, who is a personal friend of Editor Beezley, of the Independent News, Girard, Kansas, indicates the way in which cowards undertake to get revenge for supposed wrongs.

Beezley runs a progressive newspaper and has stood by the better element in an attempt to clean up the town, and this is the result.

The Oliver referred to in the message is Rev. French E. Oliver, who is conducting a tabernacle meeting that place, and by whom Beezley has stood unflinchingly.

OUR GUTHRIE CORRESPONDENT

Guthrie, April 3.—Major General Wm. Cross, U. C. V., issued general order No. 7 today announcing the death of Col. Hamilton Ellis of Erick, Okla., on Sunday March 28th.

Articles of incorporation were filed today with the secretary of state as follows: The New Star Manufacturing and Construction Co. of Oklahoma City with a capital stock of \$10,000.

The Specialty Printing Co. of Oklahoma City with capital stock of \$5,000.

The McArthur Telephone Co. of McArthur, Okla., with capital stock of \$3,000.

Oklahoma City Jockey Club, capital stock \$10,000.

Valley Hdw. Co., of Pauls Valley, capital stock \$75,000.

Western Canning and Pickle Co., of Ochalata, Okla., capital \$5,000.

The Thompson Ice Cream Co., of Tulsa, capital stock, \$20,000.

State Auditor Trapp is delighted with the manner in which public service corporations are returning their property for assessment this year. This is in accordance with a provision of law and is for the purpose of aiding the state board of assessors in their work of assessing public service corporations. The values as returned this year vary from 50 to 90 percent higher than last year and in many instances are seven to ten hundred percent higher than they were when Oklahoma was a territory. There is still quite a discrepancy, however, in the values as returned by the different companies on the same classes of property. For instance one pipe line company returned its pipe at \$200 per mile while another company returned the same size pipe at \$1,400 per mile, or just seven times as high. One telephone company returned its poles at \$1 to \$1.50 while another company returned the same class of poles at \$5.45 each. It will be the duty of the state board to assess all these corporations and the board will try to arrive at a fair cash value not only of the physical value but also of the franchise under which they are operating. It speaks well for those corporations who appear to be placing a true cash value on their property.

TOWN LOT CASES TODAY.

Federal Judge Marshall, of Utah, Will Hear Argument on Motion to Quash at Tulsa Today.

Tulsa, Ok., April 4.—Judge John Marshall of the Utah Federal bench is expected from Salt Lake City tonight to hear arguments on motions to quash the Muskogee town lot indentments, which are set for tomorrow.

The motions were filed in the Eastern district Federal court at Vinita last month and the proceedings to morrow may go no further than a legal argument to sustain the defendant's charges of alleged improper conduct on the part of government representatives before the Muskogee grand jury.

When filed, the charges created a state sensation as they purport to reveal what transpired and what was said during the jury's sittings.

Attorneys for defendants say they are prepared to offer testimony in support of their motions.

Local republicans are not in sympathy with the prosecution, according to former Gov. C. M. Barnes of Guthrie, who is here on private business. The cases grow out of technical transactions, he says, which the people of the territory determined years ago.

Gov. Haskell and other defendants arrived last night.

Rev. J. D. Canady will give his illustrated missionary lectures in Asbury Methodist church Tuesday and Wednesday nights. Admission free.

Lecture Monday Night.

Mrs. A. C. Zehner, of Dallas, Tex., will lecture at the Methodist church next Monday night under the auspices of the W. C. T. U. This lecture is one which promises to be interesting for the men as well as the ladies and everybody is requested to attend. No admission will be charged at the door.

Do not fail to attend the missionary lectures at Asbury Methodist church Tuesday and Wednesday night.

Mr. Ford left Sunday for a visit in Amarillo, Tex.

MILLIONS OF LIVES LOST.

The Awful Toll Collected by Consumption.

If people could only understand that Catarrh is an internal scrofula—that nothing applied externally does much good—they would not need to be warned so often about this fatal disease, which, when neglected, invariably ends up in Consumption, at the cost of millions of lives every year. Yet Catarrh is easily cured if the right treatment is employed.

Catarrh is caused by germs in the blood which circulate throughout the entire system. External remedies give but temporary ease. Although the effects are often seen in the form of pimples, rash, eczema or dry scaly skin, the trouble is internal, and can never be cured by external remedies.

The only way to cure Catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is thoroughly medicated, soothed, disinfected of germ matter, and the soreness healed.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made Catarrh a specialty and whose record of success was a cure in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will cure Catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails to cure or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes. The prices are 50c and \$1. Very often the 50c size effects a cure. Of course, in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. The Gwin-Mays Drug Co., West Main St., Ada, Okla.

A FREE BALLOT AND A FAIR COUNT

SECRETARY CROSS HIMSELF A VICTIM OF THE FAIR COUNT CRUSADE.

Slays Republicans Who Are Harping About Disfranchisement of the Negro.

"It is amusing to me to hear these republican politicians talking about a free ballot and a fair count," said Uncle Bill Cross, the secretary of state in one of the hotel lobbies recently.

"In me you behold a victim of their peculiar brand of 'fair counting.' The first time that Bird McGuire made the race for congress in 1902 I had the honor to be his opponent and received the nomination from two parties, the democrats and the populists, who held conventions at the city of Enid.

"At the ensuing election I received more than 5000 votes more than did my opponent Bird McGuire. But these same honest fellows who are making so much noise about disfranchising the negro, were then in control of the election machinery of the Territory of Oklahoma, and they didn't do a thing but disfranchise those 5000 white voters and declare my majority was a minority, and they were upheld by a republican congress when the case was appealed. That fall my name appeared upon the ticket twice because I was nominated by the Democrats and Populists and many voters voted for me in both places. The fair count republicans threw these tickets out and refused to see that the only way in which the voter could have made his intention any clearer would have been to have voted for me three times. This is the kind of fair counting that the republican fixers want and the only kind that will satisfy them. Oh, no, they would not think of disfranchising a few ignorant negro voters whose only qualification for voting is that they can tell the difference between the picture of an eagle and rooster, but these pure and undefiled patriots would not hesitate to disfranchise 50,000 to 50,000 white voters who can read.

"I do not see for the life of me how these republicans can have the nerve to look their fellow men in the face and talk about a free ballot and a fair count after having stolen from the democratic party the only recognition they now have in congress. They by the rankest fraud placed Bird McGuire in congress and he made the three districts which elected republican congressmen, by an outrageous disfranchisement of democratic voters, white voters, Fair count? Why all that they have and all that they hope to get was obtained by direct and indirect counting out of white intelligent voters."

COMFORTING WORDS

Many an Ada Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Ada readers.

E. M. Allen carpenter, Tenth St. Holdenville, Okla., says: "I do not know how to express my gratitude to Doan's Kidney Pills for the relief they have given me. Up to a few months ago I suffered to quite an extent from weak kidneys. My joints became so lame that I could hardly move about and often I woke at night finding myself in such a stiffened condition that I had to have assistance to turn. There was a dull, heavy ache directly over my kidneys and also rheumatic twinges which darted through my body. The kidney secretions passed with a scalding sensation and were very unnatural. After other kidney remedies had failed to have any effect upon my case, Doan's Kidney Pills came to my aid. The first few doses relieved me and a short continued use brought about a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TALKS OF BROTHER BOB.

Taylor from Texas Declares that
Tennessee's Governor Has the
Distinction of Being a Brother
to Himself.

Oklahoma City, April 4.—Hon. Hugh
Taylor of Dallas, Tex., who is entitled
to the title for the reason that he is
a plain every day American citizen,
is in the city for a few days rest
and recreation.

Mr. Taylor says that Senator Bob
Taylor has the distinction of being
his brother. "I say that he has
that distinction," said Mr. Taylor,
"for the reason that the public officials
of this country are supposed to be
the servants of all the people, and
as I am one of the people I feel that
Bob should consider himself fortunate
in having one of the common lot represented
in the Taylor family."

"There was one time, however,"
continued Mr. Taylor, "that I was
tempted to disown Bob as a brother,
and that was while he was governor
of Tennessee. The day I dropped in
to his office and found him reading
a letter. It read this way:
Dear Governor Taylor, Nashville, Tenn.
"Bob I'm in the devil of a fix. I'm
in the Missouri pen and I want yew
to get me out becase this aint a fit-
ten plase fer your kinsfolks to be in.
verry truly yours.

WILLIAM TAYLOR.
"Bob took the letter of the convict,
who was charged with a minor of-
fense that he had long ago expiated
and wrote to the governor of Missouri
as follows:

Dear Governor: I understand that
you have confined within the walls of
the state penitentiary of your state
one William Taylor, who says he is
a cousin of mine. If you will pardon
him I will agree to pardon any of
your relatives that may be sentenced
to the penitentiary in the sovereign

state of Tennessee. Yours truly,
BOB TAYLOR.

"To make a long story short, Wil-
liam Taylor received his pardon,"
continued Mr. Taylor, "but when it
came to tracing his kinship I found
that he was not in the slightest way
connected with us, so I finally con-
cluded that it was all right for me
to acknowledge Bob as my brother
and I must confess that I am proud
of him, although our aspirations have
been along different lines.

SOLDIERS ARE CALLED OFF.

State Military Bodies Withdrawn
from Chase of Indian Chief—Hoff-
man and Squad Remain.

Henryetta, Ok., April 4.—Today
witnessed the withdrawal of all the
state forces from the Hickory stomp
ground district, six miles southeast
of this place, says Col. Hoffman and
a squad of ten selected men; also
with the detachment are Major Herr
of Chandler and Capt. Edgington of
Watonga, staff officers and newspaper
men.

Those coming from Hickory
Grounds today say that Col. Hoffman
expects to find Harjo, or Crazy Snake
by Monday night, which will practi-
cally end the militia operations in
the district. The Indian is believed
to have retreated to a point about
twenty miles from there, and as soon
as he learns that protection will be
afforded the officers think he will
surrender. A number of Creek full-
bloeds were on the Frisco train that
carried the returning soldiers north.
As the uniformed men entered the
cars they were eyed critically. "Maby
so," one was heard to remark, "no
Snake yet gone to brush." The mili-
tiamen say the experience has been
of great value to them.

Another Artesian Well.

Upon the same block on 9th street
wherein is located the now famous
Woodward artesian well another well
has been dug, the water of which is
thought to be from the same sub-
terranean channel.

The new well is on the adjoining
property of N. B. Stall, is 72 feet
deep and the water rises to the sur-
face pure and cold, and is thought
to come from the same vein as that
of the Woodward well.

Well, Well, Well. Too many good
things can't spring up for Ada.

Hon. Bob Wallace of Garvin coun-
ty, youngest member of the late leg-
islature, was among the last to de-
part for home following the ban-
quet.

Mr. and Mrs. J. W. Dean are the
proud possessors of a fine boy who
made his arrival at their home this
morning.

TELEGRAM TO SHERIFF.

Men of Supposed Prominence Stand-
ing by J. B. Miller, Now in Jail.

Fort Worth, Tex., April 1st.—T. J.
Smith, Sheriff, Ada, Okla. We know
J. B. Miller; he is all right and will
not give officers any trouble. We hope
you will extend him any courtesies
you can and make his bond reason-
able.

Mike E. Smith, District Judge; W.
R. Parke, Attorney at Law; Frank
Johnson, Capt. Texas Rangers, Jno.
T. Honea, ex-sheriff Tarrant county,
Texas; J. H. Wood, deputy sheriff;
G. H. James, deputy sheriff.

Sheriff T. J. Smith handed the News
reporter such telegram indicating the
wish that the same be published sug-
gesting as the reason that after noting
its contents, the Pontotoc public
would appreciate the difficulties un-
der which he worked when in pur-
suit of a man with such influential
friends.

The News does publish the tele-
gram because it is presumed to be
authentic and relates to a man now
in the county jail strongly suspicion-
ed of being the foul assassinator of
Gus Bobbitt and it shall be the policy
of the News to publish every well
authenticated occurrence which re-
lates to the most interesting murder
case in the history of this section,
unless it should appear that such
publication might interfere with jus-
tice. If J. B. Miller is the assassin of
Gus Bobbitt, it is to be devoutly hop-
ed that he can be convicted and that
he will be hanged. This press is
against the assassin wherever he may
be found to the point of death accord-
ing to law.

Of course no prejudice other than
warranted by the law and testimony

should obtain as against Miller and a
fair and impartial trial will of course
be had, even though the crime with
which he is charged is that of an
assassin.

GOV. HASKELL ON ADA NORMAL

IN VIEW OF THE FACT THAT THE NEWS GAVE A PRETTY THOROUGH SYNOPSIS OF THE GOVERNOR'S SPEECH SATURDAY, WE ONLY PRINT HEREWITH THAT PART OF THE SPEECH WHICH REFERS TO ADA AND THE NORMAL PROPOSITION.

I came here today to congratulate you upon the recent act of the Legislature in locating one of the State Institutions in your town. I do not come here to claim any of the glory but to congratulate you upon your good work.

I had no right to take an active part in the distribution of these institutions that was a provision of the Legislature. You had your committees there from Ada and from a number of other towns and not only did your committees work but you three members of the Legislature—they were the good workers that made Ada secure in those grounds.

You know just how it was. When we stood and watched Huddleston and Ratliff and Roddie when we saw the work they did day and night there didn't any of us have the nerve to say no to them.

This institution I know will be come the pride of every citizen of Pontotoc county and the surrounding counties. It will give the farmers' children of this county and vicinity opportunities for education that I know they could not get if they had to go some two or three hundred miles from home and in a few years I know you will point to that institution and say 'That is our school.' It will be a monument kept to remember afterwards the work you citizens and your representatives did in that behalf.

Yes I want to say right now that there is only one thing to do about this institution. I want the boss to put that they and I was the boss in the constitutional convention but I want to prove it by Carlton Weaver for there were many more boys and girls on it. I want to say that just for this afternoon I do not want any feeling of jealousy but I want one of you have your own say just as much as you like and let the other fellows do the same. You can't go wrong that way. I want no feeling of jealousy. Let that out. I want you to start out today and say 'We are going to pull together and make this school the best in the state.' (Applause)

There are six of these institutions distributed in this state and the people are wondering which is going to be the best. I am betting my money on Ada. (Applause)

I have said enough but I just say this much more. Let's pull together and make an institution with a record that will be the pride of Pontotoc county and vicinity. I thank you.

Chief of Police George Culver this morning arrested Tom Holloway and Joe Watson both colored for disturbing the peace. They were arraigned before Judge Powers this afternoon. Holloway was dismissed. Watson was fined \$10.00.

SPRING IS HERE

THE REXALL STORE

W. J. Reed the man whom this said is solely responsible for the capture of Tim Miller. His friends declare that he evidenced unusual detective capacity in the direction and execution of his plans leading up to the capture of Miller. Reed is a picturesque character. One week in Guthrie lobbying with the brains of the state for a state school of education the next week devoting all his tact and energy to the hunting down of a reputed man killer. He is called the father of this city being its pioneer merchant and naming it after his little daughter Ada.

In District Court.
Judge West of the district court was in town a short while today attending to some preliminary matters and to the filing of one or two important suits.

The case of the Leader Improvement Company vs. The Allen Townsite Company was brought up. Temporary injunction was allowed plaintiff to give bond in the sum of \$1000 returnable at Ada on April 12th at 10 o'clock a.m.

Condemnation proceedings of M. O. & G. railroad were heard and commission appointed to condemn lands M. F. Deu, W. B. Crowder and Henry Lovelady compose the commission. Judge West left for his home in Leigh this afternoon.

M. O. & G. Officials Here.
Officials of the M. O. & G. railroad were in the city today looking after condemnation proceedings in the matter of land for right of way. It was learned that the conflict for siding between Poplar and Cabin had been let.

Notice to Contractors.
Plans and specifications for the construction of the F. O. O. F. building will be received by the building committee of said lodge until April 5th 1909. Size of building 50x140. For further information apply to the building committee.

NORMAL BANQUET GREAT SUCCESS

FESTIVITIES LAST UNTIL LATE HOUR AND EVERYONE PLEASED WITH THE ENTERTAINMENT.

Distinguished Visitors Pay Many Tributes to Ada and Predict Great Things for Our Thriving City.

At 8 o'clock Saturday evening the 2,000 Club rooms were filled to overflowing with Ada citizens and distinguished guests with the assistance of the reception committee the visitors were made to feel at home and for some time the crowd mingled together jolly and happy celebration in the club rooms.

When the announcement came that everything was in readiness for the festivities on the first floor the ladies and gentlemen two and two filed down the stairway and to the banquet hall where the remainder of the evening was spent.

The Ada orchestra rendered an elegant selection after which Rev. Wilson of the Methodist church opened the occasion with prayer. Hon. C. A. Galbraith was toastmaster and he handled his part of the program in elegant fashion. Owing to the absence of some parties and the presence of others who were not expected the printed program was not followed and this of course made the program really more interesting.

The first response was from Senator Roddie speaking from the subject 'How it Happened.' He reviewed briefly his action in the senate and traced senate bill 83 from the memorable day of its introduction to its final passage. He described the 'fallen spirits' of Ada's representatives in their first defeat at the hands of Durant and later the time in substitute which gave Ada the Normal school.

Hon. Ben Wilson in relating his experiences as Mr. Speaker explained his friendly attitude toward Ada and the Normal bill and complimented very highly Pontotoc's representative in the legislature and gave them much credit for the securing of a Normal school at this place.

The Ladies' by Hon. W. F. Gilmer of Ardmore was the address which furnished the humor of the evening. Mr. Gilmer acknowledged that he had handled this subject on previous occasions of this kind but the acknowledgement was not necessary as his ability evidenced. He mentioned the fun he had at the expense of Ada's representatives when the Normal fight was on by having prepared a substitute for the Ada bill naming Ardmore as the location for the new Southwest Normal. Before he finished however everybody in the house was his friend and he soon convinced them that he too was a friend to them.

The Indian as a Citizen by Hon. Ben Harrison, was a logical and masterly effort. He discussed in brief the history of Indian government in this country and more elaborately the advantages and disadvantages of statehood from the standpoint of an Indian. He made this prediction 'The Indian if given an opportunity under statehood and white man rule will emerge from his disposition to lethargy will identify himself with the best interests of this government and become a progressive and desirable citizen in every sense of the word.'

Hon. E. S. Ratliff who had imbibed several glasses of Ada punch during the previous part of the program stated that the beverage was less than one half of one per cent and that he had not become sufficient to be organized to speak on organization is the toastmaster had indicated to him proceeded to commence where Roddie left off and finish telling 'How it Happened.'

Representative Ratliff explained the position of every member of the legislature present relative to the Ada Normal bill and paid personal compliments to each. Ratliff is a strong personage in Pontotoc county and his friends cheered him to the echo. The 'Man Behind the Gun' was Hon. I. P. Ross of Lawton instead of Hon. Ed. L. Dunn who was absent. The speech of Mr. Ross brought almost continuous applause from the audience. In the

stated that it was not his custom to attend banquets where his name appeared on the program but where it did not he usually attended and consumed about four hours in speech making. He did not consume that much time however but it is a safe bet that he could have done so and would have received absolute attention so interesting were his remarks. He stated that he had visited Ada several years ago and was wonderfully surprised at her growth and progress. The most pungent statement of his was that Ada was to his way of thinking one of the best locations in the state for a Normal school and that it was his prediction that it would be the best one.

The Minority was represented by Judge Henry Tate of Seminole and in a few well chosen remarks he testified his loyalty to Ada and showed our people how he lined up the republicans for Ada on the show down. Judge Tate is a representative man in his party, a power in republican politics and a staunch and true friend to Ada and his name is written on the hearts of our people for the splendid work he accomplished.

The Second Tablers' Banquet.

A number of Adas people attending the Normal Banquet Saturday night could not be accommodated at the board notwithstanding the liberal dimensions of the hall. This was an eloquent testimonial to the enthusiasm and public spirit of our townspeople. Also there were some of our townsmen deserving of a place on the toast list who were not put on because the program was too long.

Toward the close of the program as formally arranged, places were made for the overflow attendance. The 'second tablers' proceeded soon to organize by unanimously electing Dr. Brown toastmaster. Then everybody of the overflow was given an opportunity to eat and others of the prominent guests were brought out to respond unprompted to toasts.

Ada's distinguished jurist Henry M. Furman presiding judge of the criminal court of appeals who accompanied Governor Haskell down from Guthrie was called upon. The judge expressed his great pleasure that Ada had secured the splendid prize of a state normal school. He deprecated any internal discord over where the credit was due in the work of securing the school and urged the people of the city now that they have the school to get together in the utmost harmony and all work and pull to the one end that Ada's school be built up to the very best normal school in the state.

Howard Parker state reporter who also accompanied the governor's party to Ada upon being called out spoke of Ada's solid prospects. In his candid way he stated that when Ada's 25,000 Club was organized he thought the name extravagant and absurd that the 15,000 Club would have been a title strong a plenty. But now he said he with the status of a mere retail trade town fairly outgrown with a splendid cement plant with extensive municipal improvements in progress with the boon of a state normal school with such a basis industrially educationally and every other way Ada's dream of 25,000 people is now no longer a dream.

Hon. Ben T. Williams of Pushmataha county member of the First and Second Legislature was called out and expressed his great pleasure at being able to jubilate with Ada over securing the normal. Ben T. was among the staunchest of Ada's friends throughout the fight.

Hon. T. B. McKeown in one of his graceful speeches presented to E. H. Lucas a gold watch as a token from the citizens of Ada of their appreciation of his services to the city in the capacity of president of the 25,000 club.

Lucas does not like to make speeches but when the crowd insisted Speech Lucas or give the timepiece back? the gentleman responded with appropriate remarks of appreciation.

The after banqueters had a great time and Dr. Brown officiated as ringmaster with admirable grace. Mayor George Harrison and Otis B. Weaver were also urged to speak but both were so blamely modest they smilingly and blushing refused to respond. Hon. Jas. Bolen also declined to deliver any of his stock of eloquence further than to call upon Judge Furman to address the company.

SOME CRITICISMS ANSWERED.

Some criticism of the management of the Normal banquet has come to my ears. A good many of those who held tickets could not find seats in the main banquet hall when they arrived and had to be accommodated in the club rooms above or wait for the 2nd Fablers Banquet. We gave the public of Ada due notice that tickets should be purchased by Thursday in order that ample preparations might be made for those attending. The demands for seats right at the last Saturday night exceeded our anticipations. The visitors of course had to be provided for first of all and it seemed the proper thing to give seats to residents of Ada in the order first come first served. In the nature of things some of our people bought seats purely out of public spirit—people who for one reason or another could not attend. After the unlooked for attendance the best possible arrangements were made to accommodate the overflow. This upon the reasonable assumption that all loyal Ada people would stand for a little personal sacrifice in order that the banquet enterprise as a whole might be a notable success. The total receipts will not more than cover the various necessary expenses of the banquet which include invitations, menu cards, postage, music, etc. besides the one dollar per plate to be paid the club women of Ada for serving the banquet.

One regrettable incident of the banquet was some confusion that occurred while Representative Gate of Semole county was occupying the floor. A number of people were in the hall who had not been served. The hour

growing late I tried to arrange for a number of those at the tables to quietly retire and make room for those not yet served. This change resulted in more confusion than was anticipated for which we make humble apologies to Representative Gate the steadfast friend of Ada.

In a big undertaking like this banquet it could scarcely be expected that every feature would be carried out with absolute satisfaction without causing inconvenience to some one and without any sort of hitch. If any one is still dissatisfied and sore with the management I wish to say that I assume the entire responsibility for his grievance and that we did in all things what we thought was for the best interests of the city.

E. H. LUCAS

A Friend Through Thick and Thin. A beloved invited guest to Ada's Normal celebration festivities was Ben J. Williams, State Representative from Pushmataha county. Ben is a politician who believes in being sincere, straight and steadfast in political matters just as in dealings in private life. Therefore he was Ada's friend in the beginning of her ambitions and he remained steadfast till her final victory. Pontotoc county will not forget such friends as he. There are some good men trying to make Ben run for Chief Wine Inspector of the state. He would make a good one and—well Pontotoc people don't forget.

Mrs. Dora Shurtell returned from Oklahoma City Sunday evening.

ABSTRACTS FROM THE OLD RELIABLE ADA TITLE AND TRUST COMPANY

FT. WORTH TEXAS SWEPT BY FIRE

RELENTLESS FLAME IN SOUTH FT. WORTH SATURDAY AFTERNOON CAUSED ONE DEATH AND PROPERTY DAMAGE OF \$2,500,000.

Situation Now Well in Hand—Money Is Raised for Sufferers and Homes Opened to Victims of the Disaster.

Fort Worth Tex. April 4.—With 320 acres of the area of the city swept bare by fire causing a loss of not less than \$2,000,000 and very probably \$2,500,000 and with 5,000 homeless people citizens of Fort Worth this morning faced the emergency which confronted them and decided to meet it themselves without the intervention of outside aid. Within a short time they had abstracted \$15,000 to which fund expressed determination to make \$20,000 before another day in our new passes.

Today the homeless people have all been given shelter of some kind or fashion principally in the homes of friends, neighbors, acquaintances or even strangers. For all some have been given direct assistance. The belongings are stored for and wide principally have been covered but some living exposed to the elements. The situation under such of some of the other members of the city.

The burned area of the city was patrolled by the militia who yellow government tents are being sold in fashion on the lawn of the High school and the church. The case of what is one a popular residence section is being sold and only temporary shelter is being given. The property owner would be a permit from the authorities and seeing to remove something if it had been lost.

Thousands of sightseers from not only this city but from surrounding towns and cities have toured the streets and bridges without sign of the burned district, detained by the soldiers from getting a closer view.

The body of one man the sole victim of the most disastrous fire in the history of this section of the country lies at an undertaking establishment his relatives in charge. The injured in the hospitals are all doing well and no further fatalities are anticipated.

Two meetings of citizens for the relief of the sufferers were held during the day and a telegram was displayed that was declared most creditable on the part of the citizen ship. The offers of help from not only the city from people outside were numerous and freely made and it was evident to those in charge of the movement there will be no strain connected with the immediate relief of the thousands who have suffered from the fire. It is considered probable that it will be extended these people later on to enable them to rebuild their homes and Mayor Harris makes the statement that the district will unquestionably be rebuilt. He says that it will either be rebuilt in residences or in business houses or both.

The excitement has died away there is no actual suffering and the situation has resolved itself into one wherein many have lost the roof that sheltered them if not their worldly belongings as well but these are not in actual want and the most prominent people of the city with the United Charities have the relief work firmly in hand and anticipate no trouble confusion or difficulty in bringing it to a successful conclusion.

ATTEMPT TO DYNAMITE.

Girard Editor Has Narrow Escape at Hands of Unknown Thugs.

Girard, Kas., April 5.—M. L. Brown, Ada, Okla. Attempt to dynamite plant last night unsuccessful. Three sticks of dynamite and insular machine discovered at 11 o'clock. Editor stepped in trap but machine did not go off at rear of building. Unsigned note: "Beezley, before you wake you and yours will be blown harder than the blow you tried to give Oliver." Machinery would have been destroyed. BEN R. BEEZLEY.

The above telegram to Marvin Brown of the News who is a personal friend of Editor Beezley of the Independent News Girard Kansas indicates the way in which cowards undertake to get revenge for supposed wrongs.

Beezley runs a progressive newspaper and has stood by the better element in an attempt to clean up the town and this is the result.

The Oliver referred to in the message is Rev. French E. Oliver who is conducting a tabernacle meeting that place, and by whom Beezley has stood unflinchingly.

OUR GUTHRIE CORRESPONDENT

Guthrie April 3.—Major General Wm. Cross of C. V. issued general order No. 7 today announcing the death of Col. Hamilton Ellis of Chick Oklahoma Sunday March 28th.

Articles of incorporation were filed today with the secretary of state as follows: The New Star Manufacturing and Construction Co. of Oklahoma City with a capital stock of \$10,000.

The Specialty Printing Co. of Oklahoma City with capital stock of \$5,000.

The McArthur Telephone Co. of McArthur, Okla. with capital stock of \$1,000.

Oklahoma City Jockey Club capital stock \$10,000.

Valley Hdw. Co. of Paul, Valley capital stock \$75,000.

Western Canning and Pickle Co. of Okla. City capital \$5,000.

The Thompson Ice Cream Co. of Tulsa capital stock \$20,000.

State Auditor Trapp is delighted with the manner in which public service corporations are returning the property for assessment this year. This is in accordance with a provision of law and is for the purpose of aiding the state board of assessors in their work of assessing public service corporations. The values are returned this year vary from 50 to 90 percent higher than last year and in many instances are seven to ten hundred percent higher than they were when Oklahoma was a territory. There is still a great discrepancy however in the values as returned by the different companies on the same classes of property. For instance, one pipe line company returned its pipe at \$200 per mile while another company returned the same size pipe at \$1,400 per mile or just seven times as high. One telephone company returned its poles at \$1 to \$1.50 while another company returned the same class of poles at \$5.45 each. It will be the duty of the state board to assess all these corporations and the board will try to arrive at a fair cash value not only of the physical value but also of the franchise under which they are operating. It speaks well for those corporations who appear to be placing a true cash value on their property.

TOWN LOT CASES TODAY.

Federal Judge Marshall, of Utah, Will Hear Argument on Motion to Quash at Tulsa Today

Tulsa Ok April 1—Judge John M. Hall of the Utah Federal bench is expected from Salt Lake City to-night to hear arguments on motions to quash the Muskogee town lot defendants which are set for tomorrow.

The motions were filed in the Eastern district Federal court at Vinita last month and the proceedings to-morrow may go no further than a legal argument to sustain the defendants' charges of alleged improper conduct on the part of government representatives before the Muskogee grand jury.

When filed the charges created a state sensation as they purport to reveal what transpired and what was said during the jury's sittings.

Attorneys for defendants say they are prepared to offer testimony in support of their motions.

Local republicans are not in sympathy with the prosecution according to former Gov. C. M. Barnes of Guthrie who is here on private business. The cases grow out of technical instructions he says which the people of the territory determined years ago.

Gov. Haskell and other defendants arrived last night.

Rev. J. D. Canady will give his illustrated missionary lectures in Ada First Methodist church Tuesday and Wednesday nights. Admission free.

Lecture Monday Night.

Miss A. C. Zehner of Dallas Tex. will lecture at the Methodist church next Monday night under the auspices of the W. C. T. U. This lecture is one which promises to be interesting for the men as well as the ladies and everybody is requested to attend. No admission will be charged at the door.

Do not fail to attend the mission-ary lectures at Ashbury Methodist church Tuesday and Wednesday night.

Mr. Ford left Sunday for a visit in Amarillo Tex.

MILLIONS OF LIVES LOST.

The Annual Toll Collected by Consumption.

People could only understand that Catarrh is an internal scourge—that nothing applied externally does much good—they would not need to be warned so often about this fatal disease which when neglected in a fatal ends up in Consumption at the cost of millions of lives every year. Yet Catarrh is easily cured if the right treatment is employed.

Catarrh is caused by germs in the blood which circulate throughout the entire system. External remedies give but temporary ease. Although the effects are often seen in the form of pimples, rash, eczema or dry scaly skin, the trouble is internal and can never be cured by external remedies.

The only way to cure Catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system. It is the mucous membrane of the lining of the body is thoroughly medicated, soothed, disinfected of germ matter and the soreness healed.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made Catarrh a specialty and whose record of success was a cure in every case where his treatment was followed as prescribed. That remedy is Rexall Mucou-Tone. We are so positive that it will cure Catarrh in all its various forms whether acute or chronic that we promise to return every penny paid us for the medicine in every case where it fails to cure or for any reason does not satisfy the user.

We want you to try Rexall Mucou-Tone on our recommendation and guarantee. We are right here where you live and you do not contract any obligation or risk when you try Rexall Mucou-Tone on our guarantee. We have Rexall Mucou-Tone in two sizes. The prices are 50c and \$1. Very often the 50c size effects a cure. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. The Gwin-Mays Drug Co. West Main St. Ada Okla.

A FREE BALLOT AND A FAIR COUNT

SECRETARY CROSS HIMSELF A VICTIM OF THE FAIR COUNT CRUSADE.

Slays Republicans Who Are Harping About Disfranchisement of the Negro.

It is amusing to me to hear these republican politicians talking about a free ballot and a fair count," said Uncle Bill Cross, the secretary of state in one of the hotel lobbies recently.

"In me you behold a victim of their peculiar brand of fair counting. The first time that Bird McGuire made the race for congress in 1902 I had the honor to be his opponent and received the nomination from two parties, the democrats and the populists, who held conventions at the city of kind.

At the ensuing election I received more than 5000 votes more than did my opponent Bird McGuire. But these same honest fellows who are making so much noise about disfranchising the negro were then in control of the election machinery of the territory of Oklahoma and they didn't do a thing but shift these 5000 white votes and declare my majority was a minority and they were upheld by a republican congress. When the case was appealed that fall my name appeared upon the ticket twice because I was nominated by the Democrats and Populists and many voters voted for me in both places. The fair count republicans threw these tickets out and refused to see that the only way in which the voter could have made his intention any clearer would have been to have voted for me three times. This is the kind of fair counting that the republican fixers want and the only kind that will satisfy them. Oh no they would not think of disfranchising a few ignorant negro voters whose only qualification for voting is that they can tell the difference between the picture of an eagle and a rooster but these pure and undiluted patriots would not hesitate to disfranchise 5000 to 50,000 white voters who can read.

I do not see for the life of me how these republicans can have the nerve to look their fellow men in the face and talk about a free ballot and a fair count after having stolen from the democratic party the only recognition they now have in congress. They say the roughest fraud placed Bird McGuire in congress and he made the three districts which elected republican congressmen by an outrageous disfranchisement of democratic voters. White voters I'm count? Why all that they have and all that they hope to get was obtained by direct and indirect counting out of white intelligent voters.

COMFORTING WORDS

Many an Ada Household Will Find Them So.

To have the pains and aches of a bad back removed to be entirely free from annoying dangers as many disorders is enough to make any kidney sufferer grateful to feel how this great change can be brought about will prove comforting words to hundreds of Ada readers.

E. M. Allen, carpenter 14th St. Holdenville Okla. says: "I do not know how to express my gratitude to Doan's Kidney Pills for the relief they have given me. I was a few months ago I suffered to quite an extent from weak kidneys. My joints became so stiff that I could hardly move about and often I woke at night finding myself in such a strained condition that I had to have assistance to turn. There was a dull heavy ache directly over my kidneys and also rheumatic twinges which darted through my body. The kidney secretions passed with a stinging sensation and were very unpleasant. After other kidney remedies had failed to have any effect upon it, case Doan's Kidney Pills came to my aid. The first few doses relieved me and I shall continue use brought about a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co. Buffalo, New York sole agents for the United States.

TELEGRAM TO SHERIFF.

Men of Supposed Prominence Stand-
ing by J. B. Miller, Now in Jail.

Fort Worth, Tex., April 1st.—J. B. Smith, Sheriff, Ada, Okla. We know J. B. Miller; he is all right and will not give officers any trouble. We hope you will extend him any courtesies you can and make his bond reasonable.

Mike E. Smith, District Judge; W. R. Parke, Attorney at Law; Frank Johnson, Capt. Texas Rangers, Jao. T. Honea, ex-sheriff Tarrant county, Texas; J. H. Wood, deputy sheriff; G. H. James, deputy sheriff.

Sheriff T. J. Smith handed the News reporter such telegram indicating the wish that the same be published suggesting as the reason that after noting its contents, the Pontotoc public would appreciate the difficulties under which he worked when in pursuit of a man with such influential friends.

The News does publish the telegram because it is presumed to be authentic and relates to a man now in the county jail strongly suspected of being the foul assassin of Gus Bobbitt and it shall be the policy of the News to publish every well authenticated occurrence which relates to the most interesting murder case in the history of this section, unless it should appear that such publication might interfere with justice. If J. B. Miller is the assassin of Gus Bobbitt, it is to be devoutly hoped that he can be convicted and that he will be hanged. This press is against the assassin wherever he may be found to the point of death according to law.

Of course no prejudice other than warranted by the law and testimony

should obtain as against Miller and a fair and impartial trial with of course be had, even though the crime with which he is charged is that of an assassin.

Another Artesian Well.

Upon the same block on 9th street wherein is located the now famous Woodward artesian well another well has been dug, the water of which is thought to be from the same subterranean channel.

The new well is on the adjoining property of N. B. Stall, is 72 feet deep and the water rises to the surface pure and cold, and is thought to come from the same vein as that of the Woodward well.

Well, Well, Well; Too many good things can't spring up for Ada.

Hon. Bob Wallace of Garvin county, youngest member of the late legislature, was among the last to depart for home following the banquet.

Mr. and Mrs. J. W. Dean are the proud possessors of a fine boy who made his arrival at their home this morning.

TALKS OF BROTHER BOB.

Taylor from Texas Declares that
Tennessee's Governor Has the
Distinction of Being a Brother
to Himself.

Oklahoma City, April 4.—Hon. Hugh Taylor of Dallas, Tex., who is entitled to the title for the reason that he is a plain every day American citizen, is in the city for a few days rest and recreation.

Mr. Taylor says that Senator Bob Taylor has the distinction of being his brother. "I say that he has that distinction," said Mr. Taylor. "For the reason that the public officials of this country are supposed to be the servants of all the people, and as I am one of the people I feel that Bob should consider himself fortunate in having one of the common lot represented in the Taylor family."

"There was one time, however," continued Mr. Taylor, "that I was tempted to disown Bob as a brother, and that was while he was governor of Tennessee. The day I dropped into his office and found him reading a letter. It read this way:

Dear Governor Taylor, Nashville, Tenn. "Bob I'm in the devil of a fix. I'm in the Missouri pen and I want yew to get me out because this aint a fit-ten place for your kinsfolks to be in, very truly yours.

WILLIAM TAYLOR.
"Bob took the letter of the convict, who was charged with a minor offense that he had long ago expiated and wrote to the governor of Missouri as follows:

Dear Governor: I understand that you have confined within the walls of the state penitentiary of your state one William Taylor, who says he is a cousin of mine. If you will pardon him I will agree to pardon any of your relatives that may be sentenced to the penitentiary in the sovereign

state of Tennessee. Yours truly,
BOB TAYLOR.

"To make a long story short, William Taylor received his pardon," continued Mr. Taylor, "but when it came to tracing his kinship I found that he was not in the slightest way connected with us, so I finally concluded that it was all right for me to acknowledge Bob as my brother and I must confess that I am proud of him, although our aspirations have been along different lines.

SOLDIERS ARE CALLED OFF.

State Military Bodies Withdrawn
from Chase of Indian Chief—Hoff-
man and Squad Remain.

Henryetta, Ok., April 4.—Today witnessed the withdrawal of all the state forces from the Hickory stomp ground district, six miles southeast of this place, says Col. Hoffman and a squad of ten selected men also with the detachment are Major Herr of Chandler and Capt. Edgington of Watonga, staff officers and newspaper men.

Those coming from Hickory Grounds today say that Col. Hoffman expects to find Harjo, or Crazy Snake by Monday night, which will practically end the militia operations in the district. The Indian is believed to have retreated to a point about twenty miles from there, and as soon as he learns that protection will be afforded the officers think he will surrender. A number of Creek full-bloods were on the Frisco train that carried the returning soldiers north. As the uniformed men entered the cars they were eyed critically. "Maby so," one was heard to remark, "no Snake yet gone to brush." The militiamen say the experience has been of great value to them.

NUMBER 7

GOV. HASKELL ON ADA NORMAL

IN VIEW OF THE FACT THAT THE NEWS GAVE A PRETTY THOROUGH SYNOPSIS OF THE GOVERNOR'S SPEECH SATURDAY, WE ONLY PRINT HEREWITH THAT PART OF THE SPEECH WHICH REFERS TO ADA AND THE NORMAL PROPOSITION.

I came here today to congratulate you upon the recent act of the Legislature in locating one of the State Institutions in your town. I do not come here to claim any of the glory, but to congratulate you upon your good work.

I had no right to take an active part in the distribution of these institutions; that was a provision of the Legislature. You had your committees there from Ada, and from a number of other towns, and not only did your committees work, but your three members of the Legislature—they were the good workers that made Ada secure in those grounds.

You know just how it was. When we stood and watched Huddleston and Ratliff and Riddle, when we saw the work they did day and night, there didn't any of us have the nerve to say "no" to them.

This institution, I know, will become the pride of every citizen of Pontotoc county and the surrounding counties. It will give the farmers' children of this county and vicinity opportunities for education that I know they could not get if they had to go some two or three hundred miles from home; and in a few years I know you will point to that institution and say, "That is our school." It will be a monument kept to remember afterwards the work your citizens and your representatives did in that behalf.

Yes, I want to say right now that there is only one thing to do about this institution. I want to be the boss about that. They said I was the boss in the constitutional convention, but I was not. I can prove it by Carlton Weaver, for there were ninety-nine bosses and fifteen witnesses there. (Laughter) And I am going to say to you that just for this afternoon, I do not want any feeling of jealousy here. Every one of you have your own say just as much as you like, and let the other fellow do the same. You can't go wrong that way. I want no feeling of jealousy. Leave that out. I want you to start out today and say "We are going to pull together and make this school the best in the state." (Applause)

There are six of these institutions distributed in this state and the people are wondering which is going to be the best. I am betting my money on Ada. (Applause)

I have said enough, but I just say this much more. "Let's pull together and make an institution with a record that will be the pride of Pontotoc county and vicinity." I thank you.

Chief of Police George Oliver this morning arrested Tom Holloway and Joe Watson, both colored, for disturbing the peace. They were arraigned before Judge Powers this afternoon. Holloway was dismissed. Watson was fined \$10.00.

W. J. Reed, the man whom 'tis said is solely responsible for the capture of Jim Miller. His friends declare that he evidenced unusual detective capacity in the direction and execution of his plans leading up to the capture of Miller. Reed is a picturesque character. One week in Guthrie lobbying with the brains of the state for a state school of education, the next week devoting all his tact and energies to the hunting down of a reputed man killer. He is called the father of this city, being its pioneer merchant and naming it after his little daughter, Ada.

In District Court.
Judge West of the district court was in town a short while today attending to some preliminary matters and to the filing of one or two important suits.

The case of the Leader Improvement Company vs. The Allen Townsite Company was brought up. Temporary injunction was allowed plaintiff to give bond in the sum of \$1,000 returnable at Atoka on April 12th at 10 o'clock a. m.

Condemnation proceedings of M. O. & G. railroad were heard and commission appointed to condemn lands. M. F. Dea, W. B. Crowder and Henry Lovelady compose the commission.

Judge West left for his home in Leigh this afternoon.

M. O. & G. Officials Here.

Officials of the M. O. & G. railroad are in the city today looking after condemnation proceedings in the matter of land for right of way. It was learned that the contract for grading between Tupelo and Calvin had been let.

Notice to Contractors.

Plans and specifications for the construction of the M. O. & G. building will be received by the building committee of said lodge until April 8th, 1909. Size of building 50x140. For further information apply to the building committee.

C. M. CHANCEY,
1st Secretary Building Committee.

We sell Carriage Paints, Wagon Paints, Japalac, Vargalac, Varnishes, Glass, Putty, Paint Brushes, Whitewash Brushes, Etc.

RAMSEY'S DRUG STORE

NORMAL BANQUET GREAT SUCCESS

FEASTING LAST UNTIL LATE HOUR AND EVERYONE PLEASED WITH THE ENTERTAINMENT.

Distinguished Visitors Pay Many Tributes to Ada and Predict Great Things for Our Thriving City.

At 8.30 o'clock Saturday evening the 25,000 Club rooms were filled to overflowing with Ada citizens and distinguished guests, with the assistance of the reception committee the visitors were made to feel at home, and for some time the crowd mingled together jolly and happy felicitations in the club rooms.

When the announcement came that everything was in readiness for the festivities on the first floor, the ladies and gentlemen, two and two, filed down the stairway and to the banquet board where the remainder of the evening was spent.

The Ada orchestra rendered an elegant selection, after which Rev. Wilson, of the Methodist church opened the occasion with prayer. Hon. C. A. Galbraith was toastmaster and he handled his part of the program in elegant fashion. Owing to the absence of some parties and the presence of others who were not expected the printed program was not followed entire, and this, of course, made the program really more interesting.

The first response was from Senator Riddle, speaking from the subject, "How it Happened." He reviewed briefly his action in the senate and traced senate bill 83 from the memorable day of its introduction to its final passage. He described the great fallen spirits of Ada's representatives in their first defeat at the hands of Durant, and latterly the Duncan substance which gave Ada the Normal school.

Hon. Ben Wilson, in relating his experiences as "Mr. Speaker," explained his friendly attitude toward Ada and the Normal bill and complimented very highly Pontotoc's representatives in the legislature and gave them much credit for the securing of a Normal school at this place.

"The Ladies" by Hon. W. F. Gilmer, of Ardmore, was the address which furnished the humor of the evening. Mr. Gilmer acknowledged that he had handled this subject on previous occasions of this kind, but the acknowledgement was not necessary as his ability evidenced. He mentioned the fun he had at the expense of Ada's representatives when the Normal fight was on, by having prepared a substitute for the Ada bill naming Ardmore as the location for the new Southwest Normal. Before he finished, however, everybody in the house was his friend and he soon convinced them that he too was a friend to them.

"The Indian as a Citizen," by Hon. Ben Harrison, was a logical and masterly effort. He discussed in brief the history of Indian government in this country, and more elaborately the advantages and disadvantages of statehood from the standpoint of an Indian. He made this prediction: "The Indian, if given an opportunity, under statehood, and white man rule, will emerge from his disposition to lethargy, will identify himself with the best interests of this government and become a progressive and desirable citizen in every sense of the word."

Hon. E. S. Ratliff, who had imbibed several glasses of Ada punch during the previous part of the program, stated that the beverage was less than one-half of one per cent and that he had not become sufficiently organized to speak on organization, so he proceeded to commence where Riddle left off and finish telling "How it Happened."

Representative Ratliff explained the position of every member of the legislature present relative to the Ada Normal bill and paid personal compliments to each. Ratliff is a strong personage in Pontotoc county and his friends cheered him to the echo.

"The Man Behind the Gun," was Hon. L. P. Ross, of Lawton, instead of Hon. Ed. L. Dunn, who was absent. The speech of Mr. Ross brought almost continuous applause from the audience. In the

stated that it was not his custom to attend banquets where his name appeared on the program, but where it did not he usually attended and consumed about four hours in speech making. He did not consume that much time, however, but it is a safe bet that he could have done so and would have received absolute attention, so interesting were his remarks. He stated that he had visited Ada several years ago and was wonderfully surprised at her growth and progress. The most pungent statement of his was that Ada was, to his way of thinking, one of the best locations in the state for a Normal school, and that it was his prediction that it would be the best one.

"The Minority" was represented by Judge Henry Tate, of Seminole, and in a few well chosen remarks he testified his loyalty to Ada and showed our people how he lined up the republicans for Ada on the show down. Judge Tate is a representative man in his party, a power in republican politics and a staunch and true friend to Ada, and his name is written on the hearts of our people for the splendid work he accomplished.

The Second Tablers' Banquet.

A number of Ada's people attending the Normal Banquet, Saturday night could not be accommodated at the board, notwithstanding the liberal dimensions of the hall. This was an eloquent testimonial to the enthusiasm and public spirit of our townspeople. Also there were some of our townsmen deserving of a place on the toast list who were not put on because the program was too long.

Toward the close of the program as formally arranged, places were made for the overflow attendance. The "second tablers" proceeded soon to organize by unanimously electing Dr. Browall toastmaster. Then everybody of the overflow was given an opportunity to eat and others of the prominent guests were brought out to respond impromptu to toasts.

Ada's distinguished jurist, Henry M. Furman, presiding judge of the criminal court of appeals, who accompanied Governor Haskell down from Guthrie, was called upon. The judge expressed his great pleasure that Ada had secured the splendid prize of a state normal school. He deprecated any internal discord over where the credit was due in the work of securing the school, and urged the people of the city, now that they have the school, to get together in the utmost harmony and all work and pull to the one end that Ada's school be built up to the very best normal school in the state.

Howard Parker, state reporter, who also accompanied the governor's party to Ada, upon being called out, spoke of Ada's solid prospects. In his candid way he stated that when Ada's 25,000 Club was organized he thought the name extravagant and absurd, that the "15,000 Club" would have been a title strong a plenty. "But now," said he, "with the status of a mere retail trade, town fairly outgrown, with a splendid cement plant, with extensive municipal improvements in progress, with the boon of a state normal school, with such a basis, industrially, educationally and every other way, Ada's dream of 25,000 people is now no longer a dream."

Hon. Ben T. Williams, of Pushmataha county, member of the First and Second Legislature, was called out, and expressed his great pleasure at being able to jubilate with Ada over securing the normal. Ben T. was among the staunchest of Ada's friends throughout the fight.

Hon. T. B. McKeown, in one of his graceful speeches, presented to E. H. Lucas a gold watch as a token from the citizens of Ada of their appreciation of his services to the city in the capacity of president of the 25,000 club.

Lucas does not like to make speeches, but when the crowd insisted: "Speech, Lucas, or give the timepiece back!" the gentleman responded with appropriate remarks of appreciation.

The after-banqueters had a great time, and Dr. Browall officiated as "ringmaster" with inimitable grace.

Mayor George Harrison and Oils B. Weaver were also urged to speak, but both were so blundering modest they smilingly and blushing refused to respond. Hon. Jas. Bolen also declined to deliver any of his stock of eloquence, further than to call upon Judge Furman to address the company.

SOME CRITICISMS ANSWERED.

Some criticism of the management of the Normal banquet has come to my ears. A good many of those who held tickets could not find seats in the main banquet hall when they arrived, and had to be accommodated in the club rooms above or wait for the "2nd Tablers Banquet." We gave the public of Ada due notice that tickets should be purchased by Thursday in order that ample preparations might be made for those attending. The demands for seats right at the last, Saturday night, exceeded our anticipations. The visitors of course, had to be provided for first of all, and it seemed the proper thing to give seats to residents of Ada in the order "first come first served" in the nature of things, some of our people bought seats purely out of public spirit—people who for one reason or another could not attend. After the unlooked for attendance the best possible arrangements were made to accommodate the overflow. This upon the reasonable assumption that all loyal Ada people would stand for a little personal sacrifice in order that the big banquet enterprise, as a whole, might be a notable success. The total receipts will not more than cover the various necessary expenses of the banquet, which include invitations, menu cards, postage, music, etc., besides the one dollar per plate to be paid the club women of Ada for serving the banquet.

One regrettable incident of the banquet was some confusion that occurred while Representative Tate of Seminole county was occupying the floor. A number of people were in the hall who had not been served. The hour

growing late, I tried to arrange for a number of those at the tables to quietly retire and make room for those not yet served. This change resulted in more confusion than was anticipated, for which we make humble apologies to Representative Tate the steadfast friend of Ada.

In a big undertaking like this banquet it could scarcely be expected that every feature would be carried out with absolute satisfaction, without causing inconvenience to some one and without any sort of hitch. If any one is still dissatisfied and sore with the management, I wish to say that I assume the entire responsibility for his grievance and that we did in all things what we thought was for the best interests of the city.

O. B. H. LUCAS

A Friend Through Thick and Thin.

A belated invited guest to Ada's Normal celebration festivities was Ben T. Williams, State Representative from Pushmataha county. Ben T. is a politician who believes in being sincere, straight and steadfast in political matters, just as in dealings in private life. Therefore, he was Ada's friend in the beginning of her ambitions and he remained steadfast till her final victory. Pontotoc county will not forget such friends as he. There are some good men trying to make Ben run for Chief Mine Inspector of the state. He would make a good one and well Pontotoc people don't forget.

Mrs. Ethel Shanafelt returned from Oklahoma City Sunday evening.

FT. WORTH TEXAS SWEEP BY FIRE

RELENTLESS FLAME IN SOUTH
FT. WORTH SATURDAY AFTERNOON CAUSED ONE
DEATH AND PROPER
TY DAMAGE OF
\$3,500,000.

Situation Now Well in Hand—Money
Is Raised for Sufferers and
Homes Opened to Victims
of the Disaster.

Fort Worth, Tex., April 4.—With 320 acres of the area of the city swept bare by fire, causing a loss of not less than \$2,000,000 and very probably \$2,500,000, and with 5,000 homeless people, citizens of Fort Worth this morning faced the emergency which confronted them and decided to meet it themselves without the intervention of outside aid. Within a short time they had subscribed \$15,000 to a relief fund and expressed determination to make it \$20,000 before another twenty-four hours passes.

Today the homeless people have all been given shelter of some kind or fashion, principally in the homes of friends, neighbors, acquaintances or even strangers, though some few have been given direct assistance. Their belongings are scattered far and wide principally under cover, but some lying exposed to the weather on vacant lots and in the railroad reservation under guard of some small boy or other member of the family.

The burned area is a blackened waste, patrolled by the militia, whose yellow government tents are arranged in soldier-fashion on the lawn of the High school, and this charred expanse of what was once a populous residence section is now people, and only temporarily, by an occasional late property owner armed with a permit from the authorities and seeking to recover something that had been lost.

Thousands of sightseers from not only this city, but from surrounding towns and cities, have thronged the streets and bridges within sight of the ruined district, deterred by the soldiers from getting a closer view.

The body of one man, the sole victim of the most disastrous fire in the history of this section of the country, lies at an undertaking establishment, his relatives in charge. The injured in the hospitals are all doing well, and no further fatalities are anticipated.

Two meetings of citizens for the relief of the sufferers were held during the day, and a feeling was displayed that was declared most creditable on the part of the citizenship. The offers of help from not only the city, from people outside were numerous and freely made and it was evident to those in charge of the movement there will be no strain connected with the immediate relief of the thousands who have suffered from the fire. It is considered probable that aid will be extended these people later on to enable them to rebuild their homes, and Mayor Harris makes the statement that the district will unquestionably be rebuilt. He says that it will either be rebuilt in residences or in business houses, or both.

The excitement has died away; there is no actual suffering, and the situation has resolved itself into one wherein many have lost the roof that sheltered them, if not their worldly belongings as well, but these are not in actual want, and the most prominent people of the city, with the United Charities, have the relief work firmly in hand and anticipate no trouble, confusion or difficulty in bringing it to a successful conclusion.

ATTEMPT TO DYNAMITE.

Girard Editor Has Narrow Escape at
Hands of Unknown Thugs.

Girard, Kas., April 5.—M. L. Brown, Ada, Okla., attempt to dynamite plant last night unsuccessful. Three sticks of dynamite and insular machine discovered at 11 o'clock. Editor stepped in trap but machine did not go off at rear of building. Unsigned note: "Beezley, before you wake you and yours will be blown harder than the blow you tried to give Oliver." Machinery would have been destroyed.

BEN R. BEEZLEY.

The above telegram to Marvin Brown, of the News, who is a personal friend of Editor Beezley, of the Independent News, Girard, Kansas, indicates the way in which cowards undertake to get revenge for supposed wrongs.

Beezley runs a progressive newspaper and has stood by the better element in an attempt to clean up the town, and this is the result.

The Oliver referred to in the message is Rev. French E. Oliver, who is conducting a tabernacle meeting that place, and by whom Beezley has stood unflinchingly.

OUR GUTHRIE CORRESPONDENT

Guthrie, April 3.—Major General Wm. Cross, U. S. V., issued general order No. 7 today announcing the death of Col. Hamilton Ellis of Erick, Okla., on Sunday March 28th.

Articles of incorporation were filed today with the secretary of state as follows: The New Star Manufacturing and Construction Co. of Oklahoma City with a capital stock of \$10,000.

The Specialty Printing Co. of Oklahoma City with capital stock of \$5,000.

The McArthur Telephone Co. of McArthur, Okla., with capital stock of \$3,000.

Oklahoma City Jockey Club, capital stock \$10,000.

Valley Hedw. Co., of Paula Valley, capital stock \$75,000.

Western Canning and Pickle Co., of Ocala, Okla., capital \$5,000.

The Thompson Ice Cream Co., of Tulsa, capital stock, \$20,000.

State Auditor Trapp is delighted with the manner in which public service corporations are returning their property for assessment this year. This is in accordance with a provision of law and is for the purpose of aiding the state board of assessors in their work of assessing public service corporations. The values as returned this year vary from 50 to 90 percent higher than last year and in many instances are seven to ten hundred percent higher than they were when Oklahoma was a territory. There is still quite a discrepancy, however, in the values as returned by the different companies on the same classes of property. For instance one pipe line company returned its pipe at \$200 per mile while another company returned the same size pipe at \$1,400 per mile, or just seven times as high. One telephone company returned its poles at \$1 to \$1.50 while another company returned the same class of poles at \$5.45 each. It will be the duty of the state board to assess all these corporations and the board will try to arrive at a fair cash value not only of the physical value but also of the franchise under which they are operating. It speaks well for those corporations who appear to be placing a true cash value on their property.

TODAY LOT CASES TODAY.

Federal Judge Marshall, of Utah, Will Hear Argument on Motion to Quash at Tulsa Today

Tulsa Ok April 1—Judge John M. Hall of the Utah Federal bench is expected from Salt Lake City tonight to hear arguments on motions to quash the Muskogee town lot in detentions which are set for tomorrow.

The motions were filed in the Eastern district Federal court at Vinita last month and the proceedings to quash the Muskogee town lot in detentions which are set for tomorrow.

When filed the charges created a state sensation as they purport to reveal what transpired and what was said during the jury sittings.

Attorneys for defendants say they are prepared to offer testimony in support of their motions.

Local republicans are not in sympathy with the prosecution according to former Gov. C. M. Baines of Guthrie who is here on private business. The cases grow out of technical transactions he says which the people of the territory determined years ago.

Cov. Haskell and other defendants arrived last night.

Rev. J. D. Canady will give his illustrated missionary lectures in Asbury Methodist church Tuesday and Wednesday nights. Admission free.

Lecture Monday Night.

Mr. A. C. Zehner of Dallas Tex. will lecture at the Methodist church next Monday night under the auspices of the W. C. T. U. This lecture is one which promises to be interesting for the men as well as the ladies and everybody is requested to attend. No admission will be charged at the door.

Do not fail to attend the mission lectures at Asbury Methodist church Tuesday and Wednesday night.

Mr. Ford left Sunday for a visit in Amarillo Tex.

MILLIONS OF LIVES LOST.

The Annual Toll Collected by Consumption.
People could only understand that Catarrh is an internal scourge—that nothing applied externally does much good—they would not need to be warned so often about this fatal disease which when neglected in a small ends up in Consumption at the cost of millions of lives every year. Catarrh is easily cured if the right treatment is employed.

Catarrh is caused by germs in the blood which circulate throughout the entire system. External remedies give but temporary ease. Although the effects are often seen in the form of pimples, rash, eczema or dry scaly skin the trouble is internal and can never be cured by external remedies.
The only way to cure Catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system to attack the mucous membrane on internal lining of the body's thoroughly medicated, soothed, disinfected of germ matter and the soreness healed.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made Catarrh a specialty and whose record of success was a cure in every case where his treatment was followed as prescribed. That remedy is Rexall Mucin-Tone. We are so positive that it will cure Catarrh in all its various forms whether acute or chronic that we promise to return every penny paid us for the medicine in every case where it fails to cure or for any reason does not satisfy the user.

We want you to try Rexall Mucin-Tone on our recommendation and guarantee. We are right here to help you live and you to not contract any obligation or risk when you try Rexall Mucin-Tone on our guarantee. We have Rexall Mucin-Tone in two sizes. The prices are 50c and \$1. Very often the 50c size effects a cure. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. The Gwin-Mays Drug Co. West Main St. Ada, Okla.

A FREE BALLOT AND A FAIR COUNT

SECRETARY CROSS HIMSELF A VICTIM OF THE FAIR COUNT CRUSADE.

Shows Republicans Who Are Hargling About Disfranchisement of the Negro.

It is amusing to me to hear these republican politicians talking about a free ballot and a fair count," said Uncle Bill Cross, the secretary of state in one of the hotel lobbies recently.

"In me you behold a victim of the peculiar brand of fair counting. The first time that Bird McGuire made the race for congress in 1902 I had the honor to be his opponent and received the nomination from two parties, the democrats and the populists who held conventions at the city of Enid.

At the ensuing election I received more than 5000 votes more than did my opponent Bird McGuire. But these same honest fellows who are making so much noise about disfranchising the negro were then in control of the election machinery of the territory of Oklahoma and they did not do a thing but also include those 5000 white voters and declare my majority was a majority and they were upheld by a republican congress. When the case was appealed that fall my name appeared upon the ticket twice because I was nominated by the Democrats and Populists and many voters voted for me in both places. The fair count republicans threw these tickets out and refused to see that the only way in which the voter could have made his intention any clearer would have been to have voted for me three times. This is the kind of fair counting that the republican fixers want and the only kind that will satisfy them. Oh no they would not think of disfranchising a few ignorant negro voters whose only qualification for voting is that they can tell the difference between the picture of an eagle and rooster but these pure and undefiled patriots would not hesitate to disfranchise 5000 to 50,000 white voters who can read.

I do not see for the life of me how these republicans can have the nerve to look their fellow men in the face and talk about a free ballot and a fair count after having stolen from the democratic party the only recognition they now have in congress. They are the rank and file fraud placed Bird McGuire in congress and he made the three districts which elected republican congressmen by an outrageous disfranchisement of democratic voters. White voters 'Pur count' Why all that they have and all that they hope to get was obtained by direct and indirect counting out of white intelligent voters.

COMFORTING WORDS

Many an Ada Household Will Find Them So.

To have the pains and aches of a bad back removed to be entirely free from annoying danger as many disorders is enough to make any kidney sufferer grateful to feel how this great change can be brought about with just a little medicine, voided to hundreds of Ada readers.

E. M. Allen, carpenter, 11th St. Holdenville, Okla. says: "I do not know how to express my gratitude to Doan's Kidney Pills for the relief they have given me. I had been months ago I suffered to quite an extent from back troubles. My joints became so stiff that I could hardly move about and often I woke at night finding myself in great a stiffened condition that I had to have assistance to turn. There was a dull heavy ache directly over my kidneys and also rheumatic twinges which darted through my body. The kidney secretions passed with a scalding sensation and were very unusual. After other kidney remedies had failed to have any effect upon my case Doan's Kidney Pills came to my aid. The first few doses relieved me and a short continued use brought about a complete cure."

For sale by all dealers. Price 50 cents. Foster-McMurray Co. Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

TALKS OF BROTHER BOB.

Taylor from Texas Declares that
Tennessee's Governor Has the
Distinction of Being a Brother
to Himself.

Oklahoma City, April 4.—Hon. Hugh
Taylor of Dallas, Tex., who is entitled
to the title for the reason that he is
a plain every day American citizen,
is in the city for a few days rest
and recreation.

Mr. Taylor says that Senator Bob
Taylor has the distinction of being
his brother. "I say that he has
that distinction," said Mr. Taylor,
"for the reason that the public officials
of this country are supposed to be
the servants of all the people, and
as I am one of the people I feel that
Bob should consider himself fortunate
in having one of the common lot re-
presented in the Taylor family."

"There was one thing, however,"
continued Mr. Taylor, "that I was
tempted to disown Bob as a brother,
and that was while he was governor
of Tennessee. The day I dropped in
to his office and found him reading
a letter. It read this way:

Dear Governor Taylor, Nashville, Tenn.
"Bob I'm in the devil on a fix. I'm
in the Misery pen and I want you
to get me out because this ain't a fit-
ting place for your kinsfolks to be in.
Very truly yours,

WILLIAM TAYLOR.
"Bob took the letter of the convict,
who was charged with a minor of-
fense that he had long ago expiated
and wrote to the governor of Missouri
as follows:

Dear Governor: I understand that
you have confined within the walls of
the state penitentiary of your state
one William Taylor, who says he is
a cousin of mine. If you will pardon
him I will agree to pardon any of
your relatives that may be sentenced
to the penitentiary in the sovereign

state of Tennessee. Yours truly,
BOB TAYLOR.

"To make a long story short, Wil-
liam Taylor received his pardon,"
continued Mr. Taylor, "but when it
came to tracing his kinship I found
that he was not in the slightest way
connected with us, so I finally con-
cluded that it was all right for me
to acknowledge Bob as my brother
and I must confess that I am proud
of him, although our aspirations have
been along different lines.

SOLDIERS ARE CALLED OFF.

State Military Bodies Withdrawn
from Chase of Indian Chief—Hoff-
man and Squad Remains.

Henryetta, Ok., April 4.—Today
witnessed the withdrawal of all the
state forces from the Hickory stomp
ground district, six miles southeast
of this place, says Col. Hoffman and
a squad of ten selected men, also
with the detachment are Major Herr
of Chandler and Capt. Edgington of
Watonga, staff officers and newspaper
men.

Those coming from Hickory
Grounds today say that Col. Hoffman
expects to find Harjo, or Crazy Snake
by Monday night, which will practi-
cally end the military operations in
the district. The Indian is believed
to have retreated to a point about
twenty miles from there, and as soon
as he learns that protection will be
afforded the officers think he will
surrender. A number of Creek full-
bloods were on the Frisco train that
carried the returning soldiers north.
As the uniformed men entered the
cars they were eyed critically. "Maby
so," one was heard to remark, "no
Snake yet gone to brush." The mili-
tary men say the experience has been
of great value to them.

you can and make his bond reason-
able.

Mike E. Smith, District Judge; W.
R. Parke, Attorney at Law; Frank
Johnson, Capt. Texas Rangers, Jno.
T. Honea, ex-sheriff Tarrant county,
Texas; J. H. Wood, deputy sheriff;
G. H. James, deputy sheriff.

Sheriff T. J. Smith handed the News
reporter such telegram indicating the
wish that the same be published sug-
gesting as the reason that after noting
its contents, the Pontotoc public
would appreciate the difficulties un-
der which he worked when in pur-
suit of a man with such influential
friends.

The News does publish the tele-
gram because it is presumed to be
authentic and relates to a man now
in the county jail strongly suspicion-
ed of being the foul assassin of
Gus Bobbitt and it shall be the policy
of the News to publish every well
authenticated occurrence which re-
lates to the most interesting murder
case in the history of this section,
unless it should appear that such
publication might interfere with jus-
tice. If J. B. Miller is the assassin of
Gus Bobbitt, it is to be devoutly hop-
ed that he can be convicted and that
he will be hanged. This press is
against the assassin wherever he may
be found to the point of death accord-
ing to law.

Of course no prejudice other than
warranted by the law and testimony

should obtain as against Miller and a
fair and impartial trial will of course
be had, even though the crime with
which he is charged is that of an
assassin.

DON'T PASS ME UP

when you need

Paint or Wall Paper

I have got more material
than anyone else in the city.
I will do you right. Let me
show you.
